## Jet-Vac™ 1500 Bottles

### ► Industry-Leading 1500mL Capacity

- Optimizes drainage procedure by removing need to change out bottles
- Reduces waste of multiple bottles for large-volume drainage procedures

### ► Needle-Free Luer Locking Connection

- Removes need for spikes or needles to access the bottle
- Sample fluids aseptically and easily

### ► Lightweight Plastic Design

- Reduces risk for hospital personnel and patients by avoiding glass breaks
- Reduces hazardous waste disposal costs compared to glass containers

### ► Easy to Read Vacuum Indicator

- Provides visual confirmation of the vacuum inside the bottle
- Indicates when a change of the bottle is necessary
